Psychedelics 002

character introduction

Hello, I'm Psyche Delico. Title is Psychedelics 002. I wasn't too good at coming up with the title for this issue, so at every event I thought, "If I can just come out with my own parody like this or something I want to draw, stuff like that, I'd be really glad." So in that direction, I tried numbering in relation to the contents, without too much thought to consistency. When vol. 1 came out, I was barely scraping by, so it's not like I had any payment in advance. And then this time too, I didn't have that much of a margin, but I'm always grateful to the printing press! I hope I can continue at my own pace in the future too. I'll be happy if you enjoy.

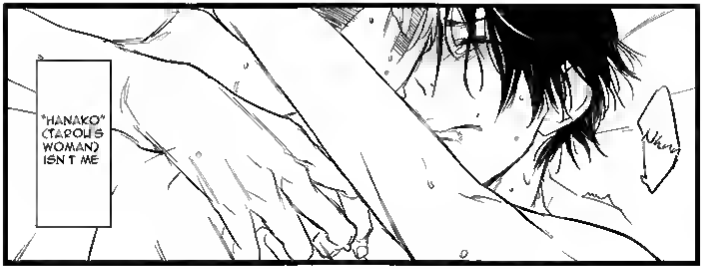
What couldn't originally go into a separate volume, the stories that were a bit too long and were made short to go into a booklet, unfortunately became a bit of an "ennui". In the end we decided to switch to another story, which also resulted in being rejected. This is that story. By the way, in the story squished between "Love is Destiny" and "The Time of Sexual Desire", between those two works from the special volume, I thought of an episode where Matsuru would be slightly Dere-dere (lovey-dovey) to Taro. Because it was extremely simplified. I'd be happy if you could receive it as a previous notice.



IT'S A WOMAN'S NAME I GET CALLED BY
